

Antaike shares opinions on base metals market with investors

Mr. Fan Shunke, Mr. Zheng Jiaju and analysts of base metals with Antaike held a meeting with guests from Citi, HSBC, Esemplia, TEMASKE and China Investment Corporation to share Antaike's views on base metals market at Antaike's office on Feb.17 2009.

Mr. Fan, president of Antaike, and Mr. Zheng, general manager of Antaike, expressed sincerely welcome to the guests present today before they made an introduction to Antaike's business.

Antaike's copper, aluminum, lead and zinc, tin and nickel analysts gave their views on impact of the government's stimulus package on metals demand, the current status quo of producers, the cutbacks, the forecast for expansion projects, the demand and production for the whole year of 2009 and the next few years.

The guests highly appreciated Antaike's service of nonferrous metals information, as a leading consulting company across the world.
