2016 China International Silicon Industry Conference
& PV Industry Expo

Sept.27-29, 2016, Ambassador International Hotel, Xi’an City, Shaanxi Province

Hosted by
China Nonferrous Metals Industry Association (CNIA)
China Chamber of Commerce for Import and Export of Machinery & Electronic Products (CCCME)

Organized by
Silicon Branch of China Nonferrous Metals Industry Association
Industry and Information Technology Department of Shaanxi Province
Shaanxi Nonferrous Metals Holding Group Co., Ltd. (YOUSER)
Beijing Antaike Information Development Co., Ltd.

Specially Co-hosted by
Shaanxi YOUSER Tianhong Ruike Silicon Materials Co., Ltd.
Shaanxi Tianhong Silicon Materials Co., Ltd.
Shaanxi YOUSER Photovoltaic Technology Co., Ltd.
Xi’an LONGi Silicon Materials Corp.

Co-hosted by
GCL-Poly Energy Holdings Limited
Jiangsu Zhongneng Polysilicon Technology Development Co., Ltd.
Hebei Suncheon Electrode Co., Ltd.

Supported by
China Photovoltaic Industry Association
China Association of Fluorine and Silicone Industry

### Background of the Conference

Under the background of New-Normal, led by the new round of structural adjustment and transformation of development pattern, China's silicon industry is experiencing new difficulties and challenges brought by complex domestic macro situation and tough international trade environment, at the same time, capacity relocation brings new pressure on the elimination of excess capacity, the technological upgrading led to rigid cost increase in aspects of both monetary cost and environment cost. To improve development quality and sharpen the competitive edge of China’s silicon industry in “the thirteenth five-year plan” period, we have to promote technical progress so as to save energy and protect environment, to lower cost and increase efficiency, as well as to pursue innovative development pattern through upgrading technological equipment level and product quality.

To promote the development of new energy industry strongly encouraged by Chinese government, to upgrade technology and equipment level, to optimize product mix and industrial layout of China’s silicon industry, and to explore application field and to pursue sustainable development in China’s PV industry and silicon industry, China Nonferrous Metals Industry Association hereby announces the “China International Silicon Industry Conference & PV Industry Expo 2016”, which will take place in Xi’an City, Shaanxi Province during Sept.27 to 29, 2016.

### Main content of the Conference

Adapting to the New Normal Economy Growth and Leading the Development --- exploring the development trend of China’s silicon industry during “the thirteenth five-year plan” period

The Conference will invite the relevant state ministries and commissions as well as well-known experts in the industry at home and abroad to analyze macroeconomic situation and policy orientation, discuss market prospect and technology dynamic and organize industrial policy seminar, advanced technical seminar, product launching, up-and-down-stream company communication and trade negotiation for promoting healthy and harmonious development of silicon and PV industries.
Conference Agenda

Opening ceremony and keynote speeches (September 28 AM)

- Policy Orientation & Development Prospect of China’s Silicon Metal Industry (from Industrial Policy Dept., Ministry of Industry & Information Technology)
- Policy Orientation & Development Prospect of China’s Polysilicon Industry (from Electronic Information Dept., Ministry of Industry & Information Technology)
- Development Outlook & Prospect for China’s Photovoltaic Industry (from Chinese Academy of Engineering or National Energy Administration)
- Current Status and Development Proposal of China’s Silicon Industry (from Silicon Branch of China Nonferrous Metals Industry Association)
- How does China’s Polysilicon & Photovoltaic Industry tackle the new International Trade Environment (from China Chamber of Commerce for Import and Export of Machinery & Electronic Products)
- Strategic Planning & Investment Environment of Photovoltaic Industry in Shaanxi Province (from Industry and Information Technology Dept. of Shaanxi Province)

Specialized Symposium (September 28 PM)

- Council Meeting of Silicon Branch of China Nonferrous Metals Industry Association
- Symposium of Silicon Metal and Silicone Companies
- Symposium of Polysilicon and PV Companies

Silicon metal and Silicone market seminar (September 29 AM  Venue 1)

- How to Cope with the Increasingly Frequent Trade Disputes (from China Council for the Promotion of International Trade)
- Downstream Demand Forecast from Silicone Industry and SWOT Analysis (from China Association of Fluorine and Silicone Industry)
- Application and Prospect of E-commerce in Silicon Industry
- Prospects and Competitiveness of the Industrial Chain Integration Development
- Sustainable Development of Silicon Metal Production can be Obtained through the Carbon Dioxide (from Elkem)
- Group Discussion on New Development Direction of Silicon Metal Companies under New Environment (from Hoshine Silicon, East Hope, Yongchang Silicon, Sichuan Xinhe and etc.)
Polysilicon and PV market seminar (September 29 AM  Venue 2)

Panel topics

- Global Trade Environment & Import Status quo of Polysilicon Products  
  (from related state ministries)
- Application and Prospect of Silane Fluidized Bed Method  
  (from Shaanxi Youser Tianhong Ruike Silicon Materials Co., Ltd.)
- Group Discussion on Prospect and SWOT Analysis of China’s Polysilicon Industry  
  (from Silicon Branch of CNIA, Zhongneng Polysilicon, TBEA, REC and etc.)
- Balance & Re-coordination of Global Photovoltaic Industry Chain  
  (from China Photovoltaic Industry Association)
- How does Polysilicon & PV Industry Survive the Difficulties  
  (from GCL-Poly Energy Holdings Limited)
- Group Discussion on Status quo & Prospect of China’s Photovoltaic Industry  
  (from CCCME, Trina Solar, JA Solar, Xi’an LONGi, HUA JING and etc.)

Field Trip: Shaanxi Youser Photovoltaic Technology Co., Ltd.  
(September 29 PM)

Note: The above mentioned agenda and speech scheduling have not been determined yet, which are subject to the final conference agenda.

If you are interested in any forms of sponsorship or presence in this great event, please contact:

Silicon Branch of China Nonferrous Metals Industry Association

Address: 7th Floor, No. 31 Suzhou Street, Haidian District, Beijing, China  
Contact: Ms. Liu Jing, Ms. Yan Jin  
Tel: (86) 18811526675, (86) 15011354731, (86-10) 62563501 ext. 82398191  
Fax: (86-10) 62560631

E-mail: chinasilicon@antaike.com

Contact: Ms. Liu Jing
Please register no later than Sept.16 and note “Silicon Conference”

Note:
Cancellations are subjected to a fee of US$50 before September 16, 2016
No refunds are given for cancellations received after September 16, 2016
Cancellations must be received in writing.
Substitutes are allowed.
