

2025 China International Lead and Zinc Week

11-13 November, 2025

Kunming, Yunnan, China Kunming Yunan Conference Hotel

1

Introduction of China International Lead and Zinc Week

The conference aims to give in-depth analysis of global macroeconomic trends and the transformation in lead and zinc industry, assist the industry in seizing development opportunities, as well as promote the high-quality development of lead and zinc industry.

Theme of the annual meeting is “Innovation Empowerment & New Quality Future”. Industrial associations, global lead and zinc enterprises, research institutes and experts will be invited to focus on technological innovation, smart manufacturing, demand expansion and industrial chain collaboration of lead and zinc industry.
